Attn: Fair Share Fees

Dear Mr. Satkowski,

Re: Fair Share Fee

As a recently hired state employee in Bargaining Unit 7, I have not been given the opportunity to object to paying the full fair share or service fee of \$65.37 per month.

I have no desire to become a member of the California Statewide Law Enforcement Association.

However, I understand I am required to pay a fee of \$32.65 per month which the CSLEA describes as the amount necessary for collective bargaining functions.

Since I understand I will only be entitled to grievance representation regarding contract issues and not to other benefits only available to members, I should not be obligated to pay any more than the "Objector" fee of \$32.65 per month.

Effective immediately, please calculate and/or reduce my fees accordingly. Please notify the State Controller's Office that only the "Objector" fee amount is deducted from my paycheck and mail confirmation of acknowledgement to the aforementioned address.

Sincerely,

Signature

The last four digits of my social security number are ****.
