“For years Special Agents have been progressively falling back in pay and in benefits in comparison to our larger local, state and federal Law Enforcement Officers taking the same risks and doing the same work. Now is the time to become one union dedicated only to sworn Law Enforcement Officer’s pay, benefits, and working conditions. P.O.C. gives Special Agents the opportunity and the ability to bargain for pay that has been long and well deserved. It is due time that Special Agents are recognized for the risks they take and the role they have in keeping California's citizens safe. P.O.C. does have the best interest of our sworn officers, and as a result of an all sworn union, they will concentrate all of their efforts to take care of our State’s Peace Officers.”
