“The time for a Peace Officer only union is right now and the opportunity is upon us. It is time to do and be a part of something important, rather than only complaining about the current regime. Nearly 70% of severance cards signed came from peace officers working in agencies other than Fish and Game and State Parks, so this is obviously not just a bunch of ‘rogue’ officers. This is all State Peace Officers.”

“We have all watched talented and valued colleagues depart our agencies for greener pastures. Many have said they love their jobs, but have to move on for financial reasons. It is time to stem that tide and increase the expertise of all state peace officers by making our own pasture greener and luring talent back to our agencies. A stable, knowledgeable, and more efficient peace officer corps will be better able to protect all California citizens and consumers. These goals will only be fulfilled with a peace officer only union.”
