“After I lateraled over from a local sheriff’s department, I’ve noticed that our union is not truly representative of a law enforcement union. To my knowledge, we are the only employee union in the state where you have both sworn and non-sworn members. Ask any police officer/deputy sheriff/D.A investigator if they belong to a union that comprises of sworn and non-sworn members? Do doctors, pharmacists, nurses, and technicians all belong to the same union and go to the bargaining table together? Their answer would be no. If it works for them, why can it not work for us? We are not trying to reinvent the wheel. By belonging to a police only union, it is the only way state law enforcement can be the finest out there.”

I urge all CAUSE/CSLEA members support [P.O.C.](#)”
